

CAREER, COMMUNITY & INNOVATION COORDINATORS COMMUNITY OF PRACTICE

A SPACE TO COLLABORATE. A NETWORK TO GROW WITH. A MISSION TO LEAD.

Are you a **Career, Community, or Innovations Coordinator**, or something similar, working to create meaningful opportunities for students? You're not alone and you don't have to reinvent the wheel.

Join BVEF's **Community of Practice (CoP)**, a quarterly convening for those in career-connected, community-facing, and innovative educational roles. Together, we'll share strategies, swap ideas, problem-solve dilemmas, and support one another in bringing real-world learning to life.

Whether you're launching new programs or scaling best practices, this space is designed to help you lead with purpose and stay connected to a network of peers doing the same.

LET'S SHAPE THE FUTURE OF EDUCATION TOGETHER.
